Join us for conversation, prayer and inspiration with women from all walks of life who are on a " journey of deeper awareness" of what it means to be a loving presence in our world.

The pattern of the spiral appears in galaxies, storms, sea shells, flowers, and even our DNA. The directional flow of the spiral is like a mirror of our experiences of life, death and rebirth. Our times call forth from us new expressions of love so needed to heal our broken world.

This experiential program will include:

- active listening
- personal and group reflection
- creative expression

**PRESENTER:** Natalie Cain, ssj, currently serves as Coordinator of Membership and Association for her Congregation. Her ministries have included elementary education, parish ministry, parish and diocesan religious education, community organizing, neighborhood leadership development, and women's interfaith networking.

She is co-founder of the Women's House of Peace in Northern Berkshire County, dedicated to providing opportunities for women to nurture and develop their spiritual growth in small group settings.

Natalie recognizes her ongoing spiritual evolution as coming from her participation in small learning communities with people of all ages and backgrounds.
